RE: COVID-19 RESPONSE

Greetings:

As you are all aware, the COVID 19 virus has resulted in daily ongoing changes around the world and measures being put in place by governments and employers that may affect your working conditions.

I wanted to make you all aware that I am working with your designated Business Representatives as we continue to monitor all of the changes that impact our members in their workplaces. We are in ongoing discussions with our legal counsel to review new legislation put out by both the Federal and Provincial governments. Furthermore, as employers put in place new policies and procedures we will continue to review them to ensure that your health and well-being is a priority and that your terms and conditions of employment are in accordance with your Collective Agreements and legislation.

There are many scenarios and questions out there that at times we don't have the answers to, but will continue to do our research to ensure we provide the support you all deserve.

IBEW Local 636 will continue to monitor the situation and ask for everyone's patience while we continue to review and determine your rights during these difficult times.

Stay safe.

Fraternally yours,
LOCAL UNION 636, IBEW,
